Jose Gurley

February 2, 1990 - July 21, 2007

" You can shed tears that he is gone or you can smile because he has lived. You can close your eyes and pray that he'll come back, or you can open your eyes and see all he's left. Your heart can be empty because you can't see him, or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember him only that he is gone, or you can cherish his memory and let it live on. You can cry and close your mind, be empty and turn your back, or you can do what he'd want, smile, open your eyes, love and go on."

- David Harkins

"He taught us how to
laugh at ourselves."
- Bill Panos

The Class of 2008
dedicates our
yearbook in loving
memory of Jose Gurley.
Jose was an amazing
friend, athlete, and
student who will
always remain in our
hearts and in our
memories.

No challenge was too
great for Jose and we
thank him for teaching
that to all of us.

High school for me has been a mix of what is usually expected. I have had my highs to the lows, made and lost good friends and experienced some of the most important moments in my life. Going in for heart surgery, becoming martial arts training with Paul Turbin and Bill Pezzano, all of them, knowing meeting the love of my life Rachael Perez, being unable to graduate, then, spending time with close friends and family including my parents, uncle who has been my life long role model, my brother and sister, all my cousins, Sean, B, Dan K, Mike P, Jessie P, the Lawlors and their house. The Bridgewater (including Nick), Taylor M., Tom G, Jake B, and some other individuals who are close to. If I have learned nothing else I have learned that people are people and you cant change them. Your true friends are the ones who stick with you thru it all no matter what or who comes up or gets in between.

Where should I begin? Through my years at school I have learned to be a leader, true friend, and accept differences. I learned to have true friends through my friend Julia Demolles and my best friend Rose Polito. I learned to be a leader through Brownies and Girl Scouts. I learned to accept differences through participating in the Diversity Club at the West Bridgewater Middle Senior High School for the past three years. During my free time I like to read books, write stories, poems, and songs, and listen to my radio. At school I hang out with my friends who are really nice. I am going to miss Julia Demolles because she taught me to see people for who they really are. I am going to miss Rose Polito because she taught me friends stick together through hard times and good times.

I like going to West Bridgewater High School, going to new classes and meeting new friends. My favorite classes are Desktop Publishing and History. I think I have grown throughout my two years of West Bridgewater High School. I liked the luxury of being able to eat my lunch in the senior lunch room and walking down the halls talking to friends. Im looking forward to graduating and going on to college or getting a part time job. I like working with computers and building websites and would like to work in that field some day. Id like to thank all my teachers for being there and helping me. Thanks Mom for helping me get into a good school and sticking by me through thick and thin.

The time feels like it's passed so slow, but yet this part of life is coming to an end. I will always remember the friends I have made and the experiences we had. These years have been fun and great and I have had a lot of laughs. Senior year will be the best, even though it will go by the fastest. So goodbye Tiffany, Susan, Chelsea, Amy, Mike, Nicole, LZ, Tricia and my APEX Family! Chelsea, keep asking those stupid questions because in life you will actually find an answer to one. I doubt it though, Tiff, please don't work at Mickey's for the rest of your life. Try to do something with your life. And Mike, have fun at Disney on your millionth trip there. Please try to find somewhere else to travel besides Disney, including the ones around the world. They don't count. I hope all of you have the life you always wanted. Be everyone's miss!

"Keepin it real"

I personally believe that these years at WBHigh were the best years of my life. I will never forget those late nights over Mikes house eating pizza and clogging arteries. I remember praising the maker of NHD because of its effectiveness as an excuse to someone elses pb. I loved how we burst into flames from eating those Jalapenos from lost bets. Spanish classes with Juan Es and scramble will never be 4gotten. Those random uncontrollable bursts of laughter during class were the highlight of fl class. Those random flying objects at Mikes house and the strand of hair that was dying to be cut leave permanent scars. The chocolate at Andrews house was the vilest and disgusting part of our adventures. I wouldnt have made it all this way without my loving family. My great sis who always kept me on track on everything that needed to be done. My brother who challenged me to do better than him pushed me achieve. Makes this year and the years to come the best years of our lives. GD CLASS OF 08!!!

Finally we have reached the conclusion of our 12 year ride, too early to say if its good or bad. All-in-all high school has been great. To start the boys, Chase- the sensible one, pcc, and of course your advice Greg- hanging out at your house, homecoming, then of course the walks around town. Max- the smart one, making movies. Matt- big guy, best friends since second, always obnoxious, never a dull moment. Then theres Colleen, all started with MS Sardella- FIRE, climbing up the tree, most random stuff, scooter-scoots and the walks around town. Lindsey- you taught me a lot, we went through a lot together, Ill never forget you, me that you. Mom and Dad- always have been there, really the best parents I could ask for even if I wont admit it. Mike- always looked up to you since I can remember, taught me so much. So many good times with everyone.

Laura, Liz, and Betsy, were always going to be the group of four that never splits up. Jarret, I'll always be there to have dinner in your driveway at some crazy hour of the day. Senior year, I made it! High School has been a lot of fun and I'm going to miss it. The people who have impacted my life, the halls, and all of those fun times we all had. My parents, my brothers, my friends. Too many concerts to remember. MP, SB, DK, DJ, JP, DM, TL, CL, TM, JC, KG, BZ, and others. Roche Brothers employee for my entire High School Career. Possibly one of the most important people in my life and my role model. My brother John, who has been there with advice and the occasional slap to set me in the right direction. If it wasn't for him I wouldn't be the person I am today.

The years have been long and it seemed like 4ever, but now it's over. I have been here for the most part. I moved here in the 3rd grade. And I'll never forget the fun times I had back then with me, Suzie, Taylor, Nicole, and Chelsey (who wouldn't let me forget she was just a little bit faster than me). Playing tag every recess, carefree. People moved, got jobs and somehow were all still good friends. Then I picked up a skateboard. I skated a lot (everyday after school before I had my license). I tried doing the simplest thing and broke my ankle in front of about 10 people (Jeff R, you remember). Who could 4get tennis bus rides. Probably the funniest times in school have been during that season. (And for the record, I'm not my twin). Some jokes never get old. But all in all, it was time well spent and I know I wouldn't trade these times for anything in the world, unfortunately this is where most of us say our good byes, so good bye.

It seems as though these years are coming to a close all too quickly, and years past have slipped by with nearly no remembrance of the past. On the other hand, I'm still 12, why am I a senior? Half of the junior class is older than me, but nevertheless I've had good times. Weenie, Watsons seen our moons all too many times, insane asylums and haunted houses, and we only get along when we're making fun of someone. Remember when I lost my shoes? Britt does, cheer up, buttercup! Patty, I don't remember much of anything except for the fact that we disagree on everything, don't get along unless we're in love. TP, NA, TP and trashbags. Meag 143 cuddling and collars up. Eninn sorry about prom. As for your date, and Sam, you cranberrybogs, dingy 143 editing and chobocbs. We're nubville nubrasca, we have to go claim that. My high school life has been a challenge, trying to get by with OK grades and making cool friends. Friends I've shared my good times with would be Ryan, Rapoza, Mike Lyons, Paul D'Angelo, and of course Mike. Some of the memories we have shared would just be chillin' up in Ryan's room listening to great music and doing what we do, mainly playing video games. Also at Paul's house, "Barn" in 9th as the years passed, "Rebellion", now I know why. Hunting, working on my Bronco, and just chilling with friends. Some of the things I want to accomplish in my lifetime would be to become a policeman, or a master auto mechanic. Some of the people that had a huge impact on my life are my dad, Frank Ribelin, my mom Joyce Ribelin, my Nana Ellen Bousquet, my sister Emily Ribelin, Mr Connors, and Mr D. I really don't know where I'm going to end up in life. But I hope that where ever I end up, I hope I have a cool truck and good friends.

Where do I begin? I can't believe how fast the years have gone by. In my 3 years at WB I have had a blast. In my sophomore year I joined drama where Sound of Music was a lot of fun I was the "Nazi Priest". In my junior year we did Grease, "Hey...Eugene". I had a lot of fun in the Volleyball Tournament, and at my Junior Prom. My senior year so far has been awesome. I am taking chorus with some of my friends from drama. We are doing Oliver this year so I hope to get an even bigger part than the other two shows. I am looking forward to my senior class trip to Florida in April. With this being my final year, I am going to miss teachers I had throughout my three years and all of my friends. I wish you all the best of luck and hope to see you sometime in the future.

Its been a long time coming but its finally here. We are graduating this year and we have to sum up all of our memories in a short paragraph. I don't know about some but this is hard without saying all the illegal or dumb stuff that I've done in the past. But what I will say is that football has been wicked fun for all that we've done. Won a super bowl which is something I will never forget. BALLIN. Other than that times have been great. Rebecca I love you so much. Shawn we never did get to try those things like we wanted. Mike have you ever had a blunkin. To all my friends that I didn't get to add good times and I won't forget any of you guys. Jose you will always be with us man.

The cb has gotten more people mad, but I wouldn't trade it for the world, even though it did look like I drove an oversized remote control car. Chillin' with Karl, Billy, Dan, Kelsey and everybody. "Kids, at age 12, I weighed 319lbs. I had bad skin, low self-esteem, and no self-respect. Now, I eat success for breakfast, with skim milk." - Tony Penkis

Finally, it's been awesome everyone. Chase, the only other one to prove we can get the results without putting too much work in, last minute projects and late nights to vendys, makin sick movies with Anthony and Harris, so many memories! Danielson, what can I say, riding without a destination, street fireworks, campouts, too many close calls! Anthony, science geniuses, my ironic workout partner, probe vs. lex! Greg, chill times, sorry about the lamp man; Matt, always a good laugh, Chestnut DB... Thanks to my parents, Will, and Steve for giving me the tools to make it, and to everyone else for the good times. Shout out to my boys on the soccer, basketball, and tennis teams. And shout to the lunch table, the four horsemen of the apocalypse, Al Howard, WBA Hawks, and Kyle Thomas wherever you are

I can't believe how fast high school has gone by. It seems like I've been visiting the Junior High and now we are Seniors! I have had a lot of fun. I have great friends: Andy, Danny, Mike, Rob, Jeff, Tim, and Kenny, and many more. All of you have been great friends. I had fun going over Mike's and playing basketball games all day and ordering pizza and going to the movies. I will miss all of you guys everyday in class. I want to thank my family for helping me through high school. I want to thank my mom and dad for supporting me. Also, I want to thank my Nana and Grampa and my Grandma for being there for me. I love you all a lot. I hope everyone succeeds and do the things they have always wanted to do. Thanks for the good times!

To the Class of 2008,

Congratulations on your graduation from West Bridgewater Middle/Junior High School. As you venture out into the world, I ask you to remember those who supported you during your years in the West Bridgewater school system, your family, your dedicated faculty, and your community.

Graduation is often referred to as the end of your education. However, it is not an end but merely a beginning of your journey beyond high school. On your journey, bring with you the many lessons learned here in West Bridgewater, as they will assist you in making important life decisions while on your quest to fulfill your dreams. The sound education that you take with you today will provide you with the foundation for many, many future accomplishments.

My best wishes for your success and happiness.

Mission Statement

The mission of West Bridgewater Middle-Senior High School is to Provide a safe, supportive learning environment in which each student will acquire the knowledge, skills, and values necessary to become a life-long learner and responsible citizen in our diverse and changing society.

Donations to Teachers

I leave Miss Lafferty a new biology / drama intern to color in photocopied handouts and another group that wants to free their flies.

I leave Mr. Rosow another Communications movie with an actual plot and Mischley a "not excessively long" Poetry 180.

I leave Mr. D a bushel of mini bananas as well as some other nice fresh fruits.

I leave McMurray another person brave enough to sing a solo.

I leave Mr. Winchell an intern who doesn't ask "Can I do nothing today?"

I leave Wilder a person who can do P.O.V.'s, Winchell someone who understands his teaching, Finley someone who complains all the time, and Mischley someone who understands poetry.

I leave Mrs. Mischley fried apple pies, Wilder great powerblock conversations and fun trips, and Graz and Kenrick hope that I will live at school.

I leave Wilder a 3 hour long movie to watch in a foreign language without subtitles.

I leave McMurray a take 5 and an ice box.

We leave Mischley someone to go to one of her early AP breakfasts.

I leave Pike a boys track team.

I leave Mr. Sylvain a wonderful cross country team and a babysitter, Mrs. Wilder someone who is obsessed with writing on the board with her colorful markers and a DBQ, and Mrs. Schmeer someone else to tell her their life story and share her infinite amount of wisdom with.

I leave Mr. Szymaniak an intern who never finishes her work in a reasonable amount of time, some munchkins, and someone to break his laptop everyday, Mrs. Fowler someone to eat all of the food stashed in her office, and Mrs. Mischley a pumpkin muffin, discussions about babies, a peanut butter and jelly sandwich, and a visit from my dad at parent teacher conferences even though he doesn't have any kids in the school system anymore.

I leave Wilder a wicked fun AP European class!

I leave Sylvain a championship X-C team and a reliable babysitter that eats all your food.

Letter From the Editors

To the Class of 2008:

For the last twelve years, we have lived almost every single day of our lives together. We have been blessed with the comfort of personally knowing every member of our class, and everything about them. This little town has allowed our class to establish an incredible connection that no other school is capable of. As graduation nears, we will soon be going in many different directions. Some of us worry that others will forget all of the memories we shared, the good times we had, and the obstacles we overcame together. This yearbook is the key that will prevent that from happening. In this book, you will find those memories we hold so dear - you will find the memories, the good times, and the obstacles. This book will forever preserve the twelve years in which we have grown, matured, and learned together.

This book has been dedicated to Jose Gurley, the amazing young man whose life was tragically taken from him last summer. In this yearbook, we celebrate his smile, his spirit, and his life. We celebrate the time that he spent with us and all of the memories he contributed to. I hope that you will use this book to remember Jose, as well as all of your classmates who have had an impact on your life.

The staff put in a great deal of effort so that years from now, you may look back at this book and remember where you came from. Remember all of the people who, at some point, helped shape you into the person you are. Remember the memories that we worked so hard to preserve. Good luck in all of the great things we know that you will accomplish.

A special thanks to Donal Boyd for dedicating his time in the making of the yearbook.

Hannah

Anthony James Kinahan

It took us a while but finally learned
that old Harry Truman was correct;

*I have found the best way to give advice to
Your children is to find out what they want
And then advise them to do it.*

Anthony "baby guy" Kinahan

The dictionary is the only place where *success*
comes before work. Hard work is the price we
must pay for success. i think you can
accomplish anything if you are willing to pay
the price.

- Vince Lombardi

I may have been a typical big brother
and picked on you a little but I always
loved the "baby guy" I will always be the
big brother and I will always be there
when you need me.
Love, Mike

It is hard to imagine that the little guy is almost a man. We are
so proud of you and all your accomplishments to building dog
houses to flying airplanes! How terrified we were the first time
you took off! We know that you will be successful in life
because you are a worker and always have been. We hope
your dreams take you to the corners of your smile, to the
highest of your hopes, to the windows of your opportunities.
and to the most special places your heart has ever known.
We Love you!

Love, Mom, Dad and Michael

Congratulations Anthony,

From playing with "Legos" to flying a plane, we have always
known "you can do anything". (Even if you have to read the
directions sometimes). Thank you for helping us when we
needed you and always having great patience while
listening to our "olden days" stories. You are a joy to have
and a born achiever.

Don't forget to bring your cell phone to college.
We will miss you and wait for your calls.
